Oakwood Farmers' Market+ is operated by REAP Trading Limited, which is the trading arm of the Roundhay Environmental Action Project (REAP). The market is run entirely by local volunteers. The '+' signifies its focus on sustainability - the market is a plastic bag free zone and the food and produce has mostly travelled less than 30 miles.

Come along to the Oakwood Clock on any third Saturday morning in the month and meet up with friends and neighbours while sampling produce from our award winning farmers and producers - subject to any ongoing Covid restrictions.

For all the latest market news, information about our stallholders and to let us have your ideas and feedback see our website - www.reap-leeds.org.uk - or visit our social media pages on Facebook, Twitter or Instagram.

You can view a mini documentary video about Oakwood Farmers' Market+ by typing <https://youtu.be/cpU52xyLw88> into your internet browser or scan the QR code below.

REAP itself was set up by Roundhay residents in 2007 to promote practical local action on carbon reduction and the environment.

Check out our website www.reap-leeds.org.uk or email info@reap-leeds.org.uk for information about our achievements and how you can join. We have groups working in a variety of areas including rewilding, waste reduction, energy, transport and gardening and you are most welcome to get involved. There are often REAP members at the market so just ask the stewards when you are next there.

The front of the leaflet has been drawn by Janis Goodman. She mainly works as an etcher these days, her prints can be found in galleries and via her website at <http://www.janisgoodman.co.uk>. She is also happy to illustrate all manner of stuff, from winged, horned hippocampi to everyday humanity. Contact her via janisgoodman@talktalk.net
