

JANUARY

WHAT TO DO NOW IN THE VEGETABLE GARDEN

SOW NOW:

Sweet peas – start off indoors

OTHER JOBS:

Keep your brassica beds tidy. Pull off any damaged leaves and remove any dead leaves from the soil to help keep slugs away.

Check fruit trees to make sure stakes are firm and ties are not getting too tight.

Prune apples and pears, blackcurrants and gooseberries.

Pull any perennial weeds out of your veg. beds and add compost.

Put your seed potatoes on a windowsill to chit.

HARVEST:

Brussels Sprouts, Winter cabbage, Kale, Leeks, Parsnips.

Rosemary, Bay, Thyme and Winter Savory.
